Highlights

40 mm speaker driver
The 40 mm speaker driver is made of a composite Mylar material for a highly sensitive yet powerful element that delivers sound without audible distortion.

Closed type design
Sounds around you are perfectly blocked out while the sound from the headphone is kept in a sealed chamber for perfect quality. This makes the headphones ideal for monitoring during live music or recording sessions.

Excellent sound quality
Acoustically-tuned design and high-quality drivers ensure best-in-class audio performance.

Ultra lightweight design
The slim, lightweight, stainless steel headband is so light you'll hardly notice you're wearing it.

Headband padding
The soft materials used for the headband cushion ensure comfortable prolonged use.

Comfortable ear cushions
The special shape and luxurious materials used for the ear cushions ensure a perfect fit for maximum comfort. They prevent audio leakage and enhance bass performance too. The ear cushions are shaped in such a way that they perfectly align with the area around a person's ear.

Comfortable to wear
This headphone is designed around the shape of your ear for extra comfort and more enjoyment during longer periods of listening.
